WINE MAKING NOTES

The grapes were picked slightly earlier than usual to retain freshness and ensure a lighter style. Healthy fruit was hand picked and delivered in the morning while cool.

The grapes were crushed and destalked before 6 hours of skin contact. Gentle pressing followed and the juice was settled overnight. Cold fermentation ensured the retention of fruit and after blending and stabilization the wine was bottled.

ABOUT THE WINERY

Villiera is a leading South African producer with a range of award-winning Cap Classique sparkling wines.

Labor practices are accredited by The Wine and Agricultural Ethical Trading Association. As members of the Biodiversity of Wine Initiative, Villiera is committed to environmental preservation.

Farming methods are environmentally friendly, including natural pest control methods (e.g., ducks, not insecticide). Natural resource consumption is also sustainable, with initiatives such as a solar power facility, a wildlife preserve, water conservation and recycling, and greening projects to reduce the winery's carbon footprint.
